# Introduction

The Indian Institutes of Management (IIMs) are among the premier management institutions in India. Over the last decade, the number of IIMs has grown significantly to cater to increased demand for top-tier management education, to foster regional development, and to equip the Indian workforce with vital skills for a burgeoning economy. The Indian Institute of Management Sirmaur is a proud testament to this direction.

Established in 2015, IIM Sirmaur initially operated under the mentorship of the esteemed IIM Lucknow. Now standing tall with the seasoned leadership of Director Dr. Prafulla Agnihotri, the institute is home to nearly 650 students enrolled across three avant-garde academic programmes. We offer two MBA programmes in General Management and Tourism Management, as well as a Doctoral programme. Future additions include Executive MBA programmes in General Management and Digital Transformation and Analytics. Additionally, our institute offers a range of faculty development and management development programmes to cater to the industry's evolving knowledge and skill requirements.

Our faculty at IIM Sirmaur includes 35 full-time members, representing some of the best educational institutions from India and abroad. After every class, our corridors buzz with a vibrant exchange of ideas between our dynamic students and knowledgeable faculty. This openness to discussion and learning distinguishes IIM Sirmaur. We anticipate welcoming more members to our family by the time you read this.

At IIM Sirmaur, we believe in education that transcends the conventional. Our classrooms reverberate with lively discussions, case analyses, simulations, and project sessions, all facilitated by our dedicated faculty.

Hands-on learning is emphasized through internships, live projects, and case studies. The learning environment is further enriched by state-of-the-art infrastructure that includes air-conditioned classrooms, a modern library, discussion spaces, a well-equipped gym, and other sports facilities. The transition from our temporary campus at Paonta Sahib to the new permanent campus at Dhaula Kuan promises to amplify our students' learning experiences and aid their quest for excellence. The challenges posed by our current environment have molded our students and faculty into adaptable individuals, ready to take on any obstacle.

Our students, our most valued stakeholders, form the heart of IIM Sirmaur. Academically, they engage in an array of business competitions, seminars, conferences, and colloquia designed to prepare them for real-world business scenarios. Beyond academics, we cultivate a culture of entrepreneurship and social responsibility. Our students also participate in diverse non-academic activities that complement their rigorous academic curriculum, fostering their overall personality development, leadership skills, and team spirit. As you peruse this brochure, you will discover the many clubs, committees, sports activities, and networking events that make IIM Sirmaur a unique institution. These elements not only shape the learning experience but also allow students to explore their interests, enhance their soft skills, and connect with the wider community.

Welcome to IIM Sirmaur.

# Director's Desk

Dear Friends from the Industry,

Greetings from IIM Sirmaur!

Welcome to the summer and final placement processes at IIM Sirmaur.

It gives me immense pleasure to invite you to participate in our annual placement process.

At IIM Sirmaur, we have tirelessly striven towards a vision of sculpting future leaders who are not only proficient in their respective domains but also empathetic individuals who understand the significance of their social responsibility. This has been possible due to our uniquely designed curriculum, a vibrant culture of experiential learning, and our most treasured assets - our distinguished faculty.

Most of our faculty members are Ph.D from either IIMs or IITs or the best of the schools abroad. Their expertise spans across traditional business domains to emerging areas like digital transformation, sustainability, and entrepreneurship. We strongly believe that process of learning is not restricted to the classroom alone; in fact, more than 70 percent of learning takes place outside the classroom. Our faculty therefore encourage students to interact with them outside the classroom too. Their dedicated mentoring is the cornerstone of our students' transformation into proficient, well-rounded professionals.

The students at IIM Sirmaur are groomed in strategic applications of the theoretical concepts to complex, real life business situations. They are encouraged to work on live projects or to assist the faculty members in their consulting projects or writing case studies. This exposes them to the big real life world outside their curriculum. Our students are selected carefully through the Common Admission Test (CAT) followed by a personal interview. They come from different parts of the country and are a mix of experienced as well as freshers.

The institute's collaborations with NSE and top French universities, as well as centers of excellence like our Centre for Healthcare Management and Innovation, and our Startup incubation center provide students of IIM Sirmaur with a rich platform for exploration and growth.

This year, we proudly present our eighth batch of the MBA Programme and the third batch of our MBA Tourism Management Programme. In the subsequent pages, you will find the details of the batch.

I look forward to welcoming you at our campus as my personal guest. Our placement coordinator will reach out to you shortly with further details about the process. Should you need any additional information, please feel free to contact us.

Together, let's shape the future of business and inspire a generation of leaders who drive change and lead with empathy and integrity.

With best regards,

**Dr. Prafulla Y. Agnihotri**  
Director and Professor of Marketing Strategy  
IIM Sirmaur

# Message from the Chairperson, Placements

Dear Partners,

As the Placement Chairperson of the Indian Institute of Management Sirmaur, I take great pride in introducing you to the eighth batch of our MBA programme and the third batch of the MBA Tourism Management programme.

Each of our enthusiastic, future business leaders has demonstrated academic excellence, personal drive, and a commitment to ethical management throughout their journey here at IIM Sirmaur. Besides the rigorous curriculum and an array of subjects taught by our faculty, experiential learning has been central to their development. Through their active participation in case studies, business simulations, live projects, and a variety of extracurricular activities, they've gained real-world skills and hands-on experience. Many of them have also distinguished themselves in various national and international competitions, reflecting their capability to apply theoretical knowledge to practical scenarios and thrive under pressure.

As placement season approaches, our students are eager to meet potential employers like you, showcase their skills, and make a difference. We believe their fresh perspectives will be a valuable addition to your teams.

Thank you for placing your trust in the capabilities of IIM Sirmaur and its students. We eagerly anticipate a mutually rewarding placement season.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Karthikeyan', written in a cursive style.

**Dr. Karthikeyan Balakumar**  
Chairperson, Placements

# Faculty Speak

**Dr. Alka Chadha**

IIM Sirmaur is committed to strong industry-academia linkages. We use industry-oriented pedagogy to ensure skilled graduates are ready for Industry 4.0 through revised and updated curriculum. In addition, we focus on the integrity of students in an effort to make them responsible citizens of this country and the world. ●●

**Dr. Ajay Singal**

The focus at IIM Sirmaur is to match graduate student outcomes with industry needs. In line with this intent, the Program curriculum is regularly fine tuned to keep pace with contemporary trends in business. Our faculty, many with international orientation and experience, co-create experiential knowledge in the classroom. This knowledge is expected to make our students ready to work across the world. ●●

**Dr. Sanja Samirana Pattnayak**

IIM Sirmaur being one of the relatively newer IIMs, aims to occupy a place of prominence among the top Business Schools in India. In this rapidly changing world, business models are being reinvented and market structures are evolving. Today's leaders face pressure to stay competitive. Our curriculum at IIM Sirmaur equips future managers for the changing needs and evolving work norms of industries. We in IIM Sirmaur, provide our students with an ecosystem where they have the academic freedom to explore and express their ideas and help realize their long cherished ambitions. ●●

**Dr. Kirti Saxena**

At IIM Sirmaur, we blend industry-oriented pedagogy with academic freedom, ensuring our graduates navigate global financial trends with integrity and innovation. We're committed to molding leaders ready for evolving industry needs. Our focus remains on producing adept, responsible global citizens. ●●

and lead the future

# Programmes

## The MBA Programme

The Masters in Business Administration (MBA) Programme, offered as a two-year, full-time in-residence programme, is designed as a laboratory to nurture the holistic development of the future business leaders. The program develops robust fundamentals that help students build deeper expertise, thereby ensuring, both academic and practical skills for the fast paced business environment. Courses are taught using a blend of pedagogies, incorporating case studies, real-world projects, simulation and interactive classroom sessions. Assessments are designed to ensure a holistic evaluation of the students' competencies and learning outcomes.

The first year, mandatory for all students, is divided into three terms so that students can embark on and explore the essential tenets of management. The first-year curriculum culminates in a summer internship—an integral part of the MBA experience. This eight to ten weeks internship bridges the gap between theory and practice, enabling students to apply their learned skills to an industry project under the guidance of an expert manager.

The second-year curriculum, also divided into three terms, focuses on specialization. Students can choose from 75 plus elective courses across functional domains of Marketing, Finance, Operations, Information Technology, Human Resources, Strategy and Public Policy. The cruciality of choice in electives allows students to tailor their individual preferences and career goals into the curriculum. Additionally, students are encouraged to take a course of independent study or dissertation to dive deeper into a topic that is close to their hearts.

The combination of a solid academic foundation, real-world exposure, and the ability to dive deeper specialize makes the MBA programme of IIM Sirmaur a necessary stepping stone to a successful and fulfilling career in management.

## The MBA (Tourism Management) Programme

Our Master of Business Administration (MBA) in Tourism Management is a comprehensive two-year, full-time residential programme, divided into three trimesters per academic year.

The first year covers core management theories and practices across varied functional areas, concluding with a summer internship focused on tourism-related projects. The second year offers a blend of mandatory and elective courses, allowing students to specialize within the Tourism and Travel sectors based on their interests, provided they meet the Programme's minimum credit requirements.

Successful completion of the programme requirements earns students their MBA in Tourism Management. The pedagogy incorporates a range of teaching strategies including lectures, flipped classroom sessions, case studies, online resources, fieldwork, project assignments, and lab sessions.

The curriculum emphasizes practical business knowledge and management skills in areas like Entrepreneurship, Special Interest Tourism, Airlines and Airport Operations and Management, Tourism Planning, Resources, Products, Technology, Laws, Analytics, and Contemporary Hospitality and Travel Management.

Designed to enhance career development in the Tourism industry, our MBA programme focuses on hands-on experiences, strategic business acumen, and effective travel & tourism business development and management, alongside intricacies of sustainability and service marketing.

## Management Development Programmes

In addition to the two MBA level programmes, IIM Sirmaur also offers highly acclaimed Management Development Programs (MDPs) that focus on a range of key business fundamentals such as Managerial Effectiveness, Team Building, Sales & Marketing skills, Strategic thinking, Financial Management as well as emerging issues such as Blockchain, Drone Technology, Creativity & Innovation, and Leadership. These MDPs are open-enrollment courses and are available to all practicing and experienced managers and executives.

Our Management Development Programme is meticulously designed to empower participants with the tools needed to navigate the challenges of the corporate world and unleash their full potential. Our programme is built to cater to your unique needs and aspirations of mid-level managers trying to enhance their leadership capabilities and entrepreneurs wanting to sharpen their business acumen.

With a carefully curated curriculum, our faculty of industry experts and seasoned practitioners will guide you through a comprehensive blend of theoretical insights and practical applications. In these handcrafted programmes, we foster an interactive learning environment that encourages active participation, stimulating discussions, and collaboration among participants from diverse backgrounds, industries, and cultures.

## Doctoral Programme in Management

The doctoral programme in Management at IIM Sirmaur is a full-time programme that paves the way for groundbreaking interdisciplinary research across all spectrums of business management. It seeks to foster world-class researchers who can significantly influence the realm of management with original, impactful theoretical contributions. Determined by our foundational values – academic integrity, rigorous training, and a belief in a multidisciplinary approach – the PhD at IIM Sirmaur stands as a testament to our commitment to superior education standards. By intertwining with the MBA syllabus, our PhD scholars gain a holistic view of management, ensuring they are adept not just in their areas of expertise but also in diverse functional domains. Totalling 87 credits over two years, the curriculum is a blend of foundational and advanced courses. With goals centered around understanding varied pedagogical tools and the latest teaching methods, students evolve into proficient communicators, equipped to innovate in management education.

# Elective Courses Offered

## Finance & Accounting

- Corporate Valuation And Restructuring
- Investment Management and Portfolio Analysis
- Financial Statement and Analysis
- Commercial Bank Management
- Mergers and Acquisitions
- Private Equity & Venture Capital
- Project Finance
- Financial Derivatives and Risk Management
- Fintech
- International Finance
- Managing Life and Business – Perspective of a CF

## IT & Systems

- E-Commerce
- Business Intelligence and Data Mining
- IT Strategy
- Big Data Analytics
- BlockChain Technology For Business
- Technology Management
- Agile Software Development
- Agile in non-IT firms
- Artificial Intelligence and Applications
- Information Security Management
- Python Programming for Analytics
- Cloud Infrastructure & Service Management

## Marketing Management

- Advanced Marketing Research
- Consumer Behaviour
- Pricing Strategy
- Brand Management
- Product Management
- Digital Marketing
- Sales and Distribution Management
- Services Marketing
- International Marketing
- B2B Marketing

# Infrastructure

## Knowledge Centre

*"Libraries are not just collections of books; they are portals to enlightenment and gateways to wonder."*

At IIM Sirmaur, we firmly believe that a solid foundation of knowledge is crucial for cultivating future leaders. Our Library serves as a key instrument in achieving this goal.

Designed as a confluence of tradition and technology, the Library at IIM Sirmaur is a hub of knowledge exploration and academic enrichment. It acts as a catalyst in encouraging the constructive engagement of students and faculty in their academic pursuits, standing as a testament to our commitment to becoming a distinguished management institute.

Our Library is spacious, air-conditioned, and well-furnished, providing a conducive environment for study and research. Ensuring access to academic resources at any time, it is open to students and faculty 24 hours a day, seven days a week. The library is also packed with an expansive collection of print and electronic resource and offer several services that further augment our students' ability to learn. Essential services such as Grammarly, IBM SPSS Statistics, IBM SPSS AMOS, NVivo, JSTOR, Prowess, Scopus, are also made available to all our students.

**It is, without a doubt, one of the most vibrant hotspots on our campus.**

## Digital Infrastructure

*"Empowering Futures Through Cutting-Edge Digital Infrastructure: Navigating Success in the Digital Age"*

Our computer lab is equipped with the latest software bearing state-of-the-art hardware ensuring a seamless learning experience for the students. The institute offers students access to a wide variety of databases and educational resources such as:

**ABI/INFORMS:** The collection includes thousands of full-text journals, dissertations, working papers, country-and industry-focused reports. Its international coverage gives a holistic view of companies and business trends worldwide.

**ACE-KP, ACE-MF, ACE-Equity:** The knowledge portal is an online database that provides data on Indian companies, industries, mutual funds and macroeconomics

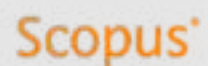

**Ebrary:** It is an online digital library with more than 1,00,000 scholarly e-books.

**EBSCO host:** An intuitive online research platform with quality databases and search features. It offers high-quality articles licensed from reputable publishers recognised by library professionals.

**Press reader:** A digital newspaper with more than 1,000+ newspapers and magazines from around the globe.

Access to real-time financial market data through the Bloomberg terminal to augment courses in various financial markets.

Students regularly use all of these services to enrich their educational inputs and augment their learning while on campus.

## The Stage

### *An Auditorium: Where Individual Voices Harmonize in Collective Wisdom*

To ensure the holistic development of the students, we believe in going beyond the classrooms and learning from the wisdom around us. Guest Lectures, Conclaves, and Cultural events are an integral part of the learning pedagogy of IIM Sirmaur. The palatial auditorium ensures worthwhile experiences for all the stakeholders such as executives, students, faculty and more to come together, interact and make the most out of this enriching experience. Premium auditorium acoustics spacious and well-lit enabled with pioneering technical equipment

## The Habitat

### *Hostels: Where life-long bonds are made*

**Yajur** and **Atharva**, the Girls' Hostels have twin-sharing rooms with all modern amenities required by the students for comfortable study circumstances. They are the in-campus hostels with ensured safety measures and 24x7 access to the campus amenities such as the library and play-fields.

**Vinayak**, **Karthik**, and **Kailash**, the Boys' Hostels are located outside the campus and are accessible by bus shuttle service provided by the institute. Well-furnished rooms and an opportunity to learn together makes these places special for the students. A few of the many amenities the hostels are equipped with are:

1. Well-lit and adequately ventilated rooms with attached washrooms
2. Access to high-speed, lag-proof Wi-Fi facility
3. Mess Indoor games, Gym, Washing machines are available
4. Proper maintenance with the dedicated and trained housekeeping staff
5. Located on the bank of the river Yamuna, rendering pleasant weather throughout the calendar year
6. CCTV surveillance throughout the campus for safety and security

## The Playground

### *"Sports: A Journey of Personal Growth and Shared Triumphs"*

At IIM Sirmaur, we firmly resonate with the above. We believe in the importance of sports to combat mental fatigue and build discipline, confidence, team spirit, and accountability amongst the students. With this in view, we ensure the institute's availability of top-notch sports facilities. Dedicated teams for various sports participate in inter-college competitions and have brought numerous laurels to the institute in the past.

Methodological space allocation and equipment availability allow the students to indulge in varied sports, namely football, cricket, badminton, volleyball, pool, snooker, foosball and table tennis, both at campus premises and hostel accommodation.

High-mast lighting of the field ensures the safety of the students even during the night.

## Fitness Centre

*"Health is a complete harmony of the body, mind, and spirit"*  
B K S Iyengar.

With the rigorous curriculum of a management school, we make sure that the health of a student doesn't go for a toss. We at IIM Sirmaur believe that students should stay physically fit to make the most out of their mental capacities. To ensure this, we provide fully-functional gyms at all times. Availability of modern and essential fitness and training equipment, 24X7 Gymnasium accessibility to students, separate gymnasiums present both on campus and in hostels, exclusive time slots for girls.

## The Gurukul

*"In the classroom, you're not just gaining knowledge; you're gaining the power to change the world"*

A classroom is where ideas are born and future leaders are trained. We believe in creating a collaborative learning environment inside our classrooms where we don't use the word 'Students'. Instead, we call them 'Participants' as it is a space where everyone participates to create, share, and channelise knowledge.

With best-in-class infrastructure and well-equipped technical elements, our classrooms are a playfield for future leaders and their discussions.

# Guest Lectures

Recognizing the transformative role of guest lectures in modern business education, we at the Indian Institute of Management Sirmaur make it a priority to frequently integrate these sessions into our academic curriculum. These lectures serve as conduits, harmoniously blending academic theories with hands-on industry experiences to foster a more rounded understanding of the global business landscape.

We regularly invite industry luminaries and celebrated professionals from diverse sectors to share their insights and experiences. These experts enrich our students' learning journey with their extensive knowledge, unique perspectives, and valuable life lessons.

These interactive sessions not only offer a panoramic view of current industry trends and corporate realities, but also stimulate critical thinking and fuel innovation. Students have the opportunity to engage directly with these industry veterans, clarifying doubts, participating in intellectual debates, and even forging invaluable professional connections.

Incorporating feedback from our students, it's clear that these lectures have had a profound impact on their academic and professional growth. They've often referenced these sessions as turning points, where abstract theories took on tangible form, and the complexities of the business world became comprehensible.

We firmly believe that the insights gleaned from these guest lectures significantly augment our students' learning, equipping them with the tools to navigate and excel in their chosen fields. Over the years, we have been privileged to host a diverse range of speakers, each contributing to the rich tapestry of knowledge that defines the IIM Sirmaur experience.

# Guide to Final Placements

## Placements and Career Development Cell

Welcome to Placements at IIM Sirmaur.

The recruitment journey at IIM Sirmaur begins with a conversation with our placement coordinators and the Placement Chairperson. We then roll out an official invitation to your organization to come and participate in our placement process.

The second step of the process involves a Pre-Placement Talk (PPT). The PPT serves as a platform for you to have first hand experience of our young and energetic batch and inform them of the roles, packages and other critical details. To aid in seamless coordination and to ensure a win-win situation for both parties, we kindly request your organization to outline your process requirements, including the number of selection rounds, panel members, and any process-specific requirements, at least three days prior to the placement process. This proactive approach allows us to meticulously prepare for your organization's specific needs, thereby fostering an effective and efficient selection process.

After this, you may specify your shortlisting criteria and move to the selection phase. To ensure that you get the right fit for your organization, our placement coordinators will help you operationalise the process you would like to adhere to.

Last, and perhaps the best, we move to the offer roll out phase. Please note that for an offer to be valid, it should include details of role, location, remuneration, and other relevant terms and conditions required by the candidate to make a decision. The offer is communicated by the company to the Placement office and Placement chairperson, which in turn communicates it to the selected student. The acceptance of an offer is governed by placement rules of the MBA Programme which are framed at the beginning of the academic year.

We have spared no effort in ensuring that your placement experience at IIM Sirmaur is rich, rewarding and more streamlined than ever before. We hope that you enjoy it as much as we enjoyed creating it. We eagerly anticipate your participation in our Placement Process and are confident that you will find the perfect candidate to enhance your team. The future starts here!

Dr. Karthikeyan Balakumar  
Chairperson, Placements

# Student Leadership

## Student Council

Beyond the confines of academics, self-governance among students is instrumental in shaping them into accountable and initiative-taking members of society. At the IIM Sirmaur, we provide our students with the opportunity to exercise their autonomy, make critical decisions, and establish guidelines within their academic community.

This practice of self-governance not only enables our students to assume responsibility for their learning environment, but it also cultivates a sense of collaboration and fosters the practical application of key skills acquired in the classroom.

## Placement Committee:

### *Facilitating Successful Career Trajectories*

The Placement Committee at the Indian Institute of Management Sirmaur orchestrates successful career paths for students by leveraging their management education. Establishing partnerships across diverse industry sectors, the committee provides students with opportunities such as live projects, internships, guest lectures, final placements, and panel discussions.

By partnering with organizations with unique talent needs, the committee supports them throughout the recruitment process, aiming for a match between student capabilities and corporate requirements.

The Placement Committee also fosters lasting relationships with the corporate world through initiatives like summits, competitions, and the "Colloquium" guest lecture series. This series brings distinguished leaders from top corporations to our campus, offering students insights on topics ranging from business challenges to the societal impact of corporations.

During their two-year stay on our campus, students are provided with ample opportunities to mature into conscientious, inclusive, and proficient leaders. These experiences, in tandem with our rigorous academic curriculum, shape our students into well-rounded individuals ready to take on the world's challenges.

At IIM Sirmaur, we are committed to fostering an environment that not only imparts high-quality education but also instills the tenets of leadership, responsibility, and societal consciousness, thereby nurturing the leaders of tomorrow.

Over the past year, the committee's efforts led to collaborations with over 50 leading firms, ensuring a 100% placement record for our outgoing batch. The "Colloquium" series hosted over 20 industry leaders, enriching our students with first-hand knowledge.

### **Training And Development Cell:** *Orchestrating Pathways to Professional Excellence*

The Training and Development Cell at IIM Sirmaur plays an indispensable role in fostering the complete professional growth of our students from their inaugural day at the Institute.

The manifold responsibilities of the Cell include preparing students for Summer Internships and Final Placements. This is achieved through a variety of targeted activities such as Curriculum Vitae vetting, facilitating mock interviews, and orchestrating group discussions. Additionally, the Cell hosts an enriching series of guest lectures delivered by corporate trainers and industry mentors from eminent firms, including but not limited to Accenture, DLF, and Ericsson.

In bridging the chasm between the demands of various organizations and the employability of our students, the Training and Development Cell empowers them to exceed their potential and pursue their desired professional paths.

### **Student Academic Committee :** *Assisting in Administrative and Academic Excellence*

The Student Academic Committee (SAC) at the Indian Institute of Management Sirmaur supports the Postgraduate Programme (PGP) office in both administrative and academic capacities. Administratively, the SAC oversees student attendance, processes identification cards, and handles academic feedback and grievances. Academically, it reviews and updates course structures in line with industry trends, manages examinations, and ensures timely distribution of course materials. The SAC maintains open communication with students and faculty, collecting feedback on teaching methods and course relevance. It also mentors class representatives to enhance class participation and streamline daily activities. Ultimately, the SAC upholds professionalism among students and is a key component in the Institute's dedication to academic excellence.

## **Infrastructure and IT Committee:** *Ensuring Optimal Campus Life and Facilities*

The Infrastructure Committee at the Indian Institute of Management Sirmaur oversees various aspects of campus life, ensuring a dynamic academic environment for students. Their roles range from student on boarding and hostel allotment to addressing inventory issues.

The committee collaborates with other campus groups, providing necessary infrastructure for smooth event execution. It enforces college rules, maintains campus decorum, and addresses daily student needs like inventory procurement, internet connectivity, and hostel standards.

Serving as a bridge between students and administration, the Infrastructure Committee is committed to offering top-tier facilities and elevating the campus experience, reflecting the Institute's dedication to a conducive academic setting.

## **Sanskriti The Cultural Committee**

Sanskriti, the Cultural Committee at IIM Sirmaur, celebrates India's diverse culture and heritage. Committed to showcasing the nation's traditions, Sanskriti organizes events for festivities like Eid, Holi, Diwali, Christmas, and Onam.

Beyond these, Sanskriti hosts Sierra, an Annual Management, Cultural, and Sports Festival with participation from over 450 colleges. This event creates a vibrant campus atmosphere filled with camaraderie.

Balancing academic rigor with cultural engagement, Sanskriti offers students a break through social gatherings and festive celebrations. This year's Sierra Festival theme, 'Colorful Odyssey,' promoted cultural awareness and inclusion with activities like open-air jamming and recreational games.

Sanskriti goes beyond being just a cultural platform. It aids personal development, enhancing interpersonal skills and open-mindedness, guiding students towards becoming well-rounded individuals.

## Naivedyam - Mess Committee

The Naivedyam is more than just a mess committee. Dedicated to fostering community, it offers a homely ambiance through its diverse culinary delights.

Its dynamic menu, updated monthly, showcases a variety of regional and festive dishes. Beyond serving meals, Naivedyam promotes community bonding with events like Outdoor Food Nights, where the campus comes together for a shared dining experience.

Prioritizing holistic wellness, the overseeing committee emphasizes quality, hygiene, and nutrition. They also aim for sustainability and minimal wastage, understanding the broader environmental impact.

Actively seeking feedback, the Naivedyam, with administrative support, nourishes the IIM Sirmaur community in every sense. It also instills a sense of responsibility in students, enriching their campus experience.

## Industry Relations & Sponsorship Committee

IIM Sirmaur emphasizes building relationships as vital as academic excellence. The Industrial Relations and Sponsorship Committee (IRS) acts as a bridge between the institute and the corporate sector.

The IRS Committee integrates academic theory with industrial practice, introducing live projects from top organizations. This allows students to apply their knowledge to real-world challenges. Through guest lectures and industry visits, students understand diverse industry demands, preparing them to meet changing corporate needs. In return, industries benefit from the expertise of IIM Sirmaur's students.

The committee also focuses on building strong industry networks, considering the volatile and complex business landscape. It offers sponsorship opportunities for industries during institute events.

By enhancing students' practical skills and leadership, the IRS Committee prepares them as industry-ready professionals.

## Sports Committee

The Sports Committee at IIM Sirmaur promotes improvement and leadership through sports. Tasked with providing top-tier sports facilities, the committee ensures the mental and physical well-being of students.

It organizes various intra and inter-college sports events, encouraging fitness, healthy competition, and camaraderie. Recently, they added two practice pitches to their already comprehensive facilities, which include a football ground, badminton and volleyball courts, a modern gym, and indoor sports amenities.

Driven by a commitment to fostering a competitive spirit and enhancing sports

infrastructure, the committee focuses on holistic development, emphasizing physical growth and leadership skills.

## Alumni Cell

The Alumni Cell at IIM Sirmaur strengthens ties between the institution and its alumni. It introduces initiatives to maintain active engagement.

A key initiative is the 'Reminiscence' series, a mentorship platform where students gain from alumni's knowledge through live projects, guest lectures, and industry visits. The Alumni Portal is a centralized platform for alumni updates and offers students networking, continued education, and career guidance.

To enhance the IIM Sirmaur community, the Alumni Cell hosts events like Alumni Chapter Meets, Campus Reunions, and Business Conclaves, promoting ongoing interaction and a sense of community. With a goal to connect the

institute's community, the Alumni Cell fosters mutual growth and collaboration between alumni and the institution.

## Entrepreneurship and Incubation Cell

The Entrepreneurship and Incubation Cell at IIM Sirmaur is dedicated to nurturing entrepreneurial skills among students. It offers a platform to turn innovative ideas into successful businesses.

The cell provides resources like guest lectures, workshops, mentorship from industry experts, and networking with venture capitalists. It methodically guides students from idea conception to successful execution. Focused on sustainability and nation-building, the cell has supported 12 start-up ideas and aims for the Atal Incubation Center status. It also collaborates with a law firm for smooth operations.

The Entrepreneurship and Incubation Cell stands as a hub for innovative business ideas, playing a pivotal role in enhancing the entrepreneurial environment at IIM Sirmaur.

## Sankalp - The CSR Cell

Sankalp, the CSR Cell at IIM Sirmaur, embodies the institute's commitment to social responsibility and societal impact. It aims to nurture socially conscious individuals within the student body and the wider community.

Through donation campaigns, national CSR events, and partnerships with local government entities, Sankalp uplifts the underprivileged. The cell organizes impactful events, including talks by Padma Shri Awardees, panel discussions, donation drives, and a mini-marathon.

Dedicated to creating positive societal change, Sankalp promotes empathy and compassion at IIM Sirmaur. Its efforts reinforce the institute's identity as a community-focused institution.

## Media and Communications Committee

The Media and Communications Committee, a student-led group at IIM Sirmaur, manages the institute's brand image across digital platforms. It crafts creative campaigns reflecting the institute's pedagogical approach, turning them into engaging content for various channels.

Beyond managing social media, the committee oversees the institute's branding, including the creation and distribution of official merchandise. During admissions, it acts as a bridge between prospective students and the administration, streamlining communication and aiding the admissions process.

The committee also documents events organized by the institute, ensuring thorough media coverage of its activities. Overall, it is central to the institute's media strategy, upholding its reputation and showcasing its community life.

## Academic Clubs

*"Education should lead individuals to think for themselves, cultivate their rational faculties, and develop a sense of autonomy and moral responsibility." - Immanuel Kant*

IIM Sirmaur ensures that every student experiences the domain they want to enter before stepping into the corporate. To facilitate the same, Academic Clubs come into the picture. These clubs strive to offer valuable learning opportunities, practical experiences, industry interactions, and resources. They serve as a very integral part of the holistic development and the exposure of every single student.

**Markaizen**  
The Marketing Club

**Finserve**  
The Finance & Economics Club

The Operations Club

**Horizon**  
The HR Club

**Datonics**  
The Analytics Club

**Sapient**  
The Consulting & Strategy Club

**Prodman**  
The Product Management Club

**Atithya**  
The Tourism & Hospitality Club

## Interest-Based Clubs

Amidst the demanding academic landscape of a premier management school, it is crucial to never lose sight of the pursuits that truly ignite your passion. Embracing activities that you genuinely love doesn't deplete energy; on the contrary, it invigorates you, adding a zestful vibrancy to your daily life.

Rooted in this philosophy, our Interest-Based Clubs were conceived. These clubs aim to create an enriching environment where passion intertwines with learning. They offer a wealth of opportunities, providing practical experiences, fostering interactions with experts, and availing resources to our students.

Each club is committed to equipping its members with the requisite knowledge and skills to excel in their field of interest. Whether your passion lies in literature or finance, public speaking or entrepreneurship, our Interest-Based Clubs cater to a broad spectrum of pursuits. Engage with like-minded peers, hone your skills, and immerse yourself in an environment that fuels your passion while nurturing your intellectual curiosity at IIM Sirmaur.
